May 2014 RI Completion Deadline Applies To:

- All discharges/Contaminated Areas of Concern (CAOCs) identified at a site on or before May 7, 1999; and
- All discharges/CAOCs where contamination should have been identified due to obligation to complete a Preliminary Assessment (PA) and/or Site Investigation (SI).

Department Policy interprets “RI complete” when the following are determined:

- Nature & extent of contamination on and off-site;
- Impacts and potential impacts to receptors; and,
- Need for Remedial Action and collection of supporting information to evaluate possible remedial action.
